**INFORMATION DISCLOSURE STATEMENT UNDER 37 CFR §§ 1.97-1.98**

As authorized and encouraged under 37 CFR §§ 1.97-1.98 and the provisions of MPEP §§ 609 and 707.05(b), Applicant submits on the attached form PTO-1449 certain patent references, publications and/or other information that the Patent and Trademark Office may wish to consider in examining the above-identified patent application. Applicant submits this statement in accordance with their duty of disclosure under 37 CFR § 1.56.

In accordance with 37 CFR § 1.98, a copy of each document, other than the U.S. patents and the U.S. published patent applications, is included for the express purpose of providing the Patent and Trademark Office with ample opportunity to evaluate the same and

arrive at an independent assessment of the materiality of each, if any, to the examination of the above-identified application. In reviewing the enclosed copies, the Examiner is instructed to ignore any underscoring or highlighting which may have been done because such markings may or may not have any relationship to the subject matter of the above-identified application. The copies being submitted with this statement are the best copies available at this time.

The identification of any document in this statement is not intended to be, and should not be understood as being, an admission that each such document, in fact, constitutes "prior art" within the meaning of applicable law.

This statement is filed in accordance with 37 CFR § 1.97(c), after the mailing date of a first Office Action on the merits, but before the mailing date of either a final action or a Notice of Allowance. This statement is accompanied by a check in the amount of \$180.00 as set forth in 37 CFR § 1.17(p) and required by 37 CFR § 1.97(c).

Applicant respectfully requests that the documents cited in this statement be made of record in the normal manner and that such documents appear on the printed patent as being considered and made of record.

Respectfully submitted,

Examiner	Date Considered
----------	-----------------

Examiner: Initial if citation considered, whether or not citation is in conformance with MPEP 609. Draw line through citation if not in conformance and not considered. Include copy of this form with next communication to applicant.

The identification of any document herein is not intended to be, and should not be understood as being, an admission that each such document, in fact, constitutes "prior art" within the meaning of applicable law since, for example, a given document may have a later effective date than at first seems apparent or the document may have an effective date which can be antedated. The "prior art" status of any document is a matter to be resolved during prosecution.
